What Are They?

The Scratch-Off Cards are an economical way to increase profits and add excitement to your venue by means of sporting events. Cards are distributed at the beginning of football, basketball, hockey, and baseball games. Customers get four chances to win prizes (determined by you) based on the magic number revealed. The winning number must be the same number as the last digit of the total of the two scores at the end of the inning, period or quarter.

Prize Suggestions

First and foremost, remember you may have multiple winners from time to time, other times you may have one or two winners, and yet other times you may not have a single winner at all.

Note: In a single pack of scratch-off cards, there are 65 different combinations.

Keep your prizes simple. The following are some prize suggestions:

- Boom Bucks
- State Lottery Scratch-Off cards
- Small Individual Pizzas
- Raffle Ticket for a Drawing (Prize of your choice)
- Free Shot (all local liquor laws apply)

Note: We recommend that you do not charge your guests to participate in any of our games. You must adhere to all local, state, and federal laws.
